INTERNSHIP OFFER LETTER

21-07-2026

Dear Ashutosh Singh Rawat,

We are delighted to offer you the position of AI Systems Evaluation Intern at AirDawg Labs.

At AirDawg Labs, we work on cutting-edge artificial intelligence systems, large language models (LLMs), and evaluation frameworks that help improve the reliability, safety, and performance of modern AI technologies. We are excited to have you join us and look forward to supporting your professional growth throughout this internship.

A. Internship Details

- Role: AI Systems Evaluation Intern
- Engagement Type: Internship
- Duration: 1 month (23-07-2026 - 22-08-2026)
- Base Stipend: INR 30,000 for the internship month
- Work-Based Incentives: Additional incentives may be offered at the Company's discretion for eligible accepted work, based on project requirements, quality, consistency, and performance
- Work Mode: Fully Remote
- Time Commitment:
  - 8 hours per day or 45 hours per week
  - Extended availability and weekend participation may be required depending on project needs
- Attendance: Attendance for the first month is mandatory
- Sundays: Sundays are off and optional (not mandatory); Sundays worked will be counted towards incentives
- Holidays during the internship period: Flexible and subject to workflow requirements
- Reporting To: AirDawg Labs Operations Team or any authorized representative designated by the Company

B. Key Responsibilities

During your internship, you will contribute to one or more AI evaluation projects involving large language models, software systems, prompt engineering, structured testing, analytical review, documentation, and related research activities. Your responsibilities may evolve based on project requirements and business needs.

C. Base Stipend & Work-Based Incentives

You will be eligible for a base stipend of INR 30,000 for the internship month, subject to applicable tax deductions, payment verification, and completion of standard payment formalities.

In addition to the base stipend, the Company may offer work-based incentives for eligible accepted work. Such incentives are not fixed or guaranteed and may vary depending on project requirements, volume of accepted work, quality of output, consistency, timelines, responsiveness, and internal review.

For the purpose of this internship, deliverables include any work, submissions, evaluations, documentation, review outputs, analysis, or project-related contributions submitted as part of the assigned internship responsibilities. Incentive eligibility shall apply only to deliverables reviewed and accepted in accordance with the Company's quality, originality, validation, and project-specific requirements.

The Company reserves full discretion to determine incentive eligibility based on accepted work, project standards, internal review, and compliance with written instructions by the Company.

D. AI Productivity Tools

The Company may provide eligible interns with access to AI productivity tools, including ChatGPT Plus, Cursor Pro, or equivalent software, for authorized internship-related work, subject to applicable monthly support limits, project requirements, and continuation or extension of the internship into the applicable month.

Such access or support is provided only for work enablement and does not create any independent cash entitlement. Any unused tool support amount will not be payable or convertible into cash.

Company Contribution: up to INR 6,000

Such access remains the property of AirDawg Labs and may be modified, replaced, suspended, or withdrawn at the Company's discretion based on project requirements, usage expectations, compliance requirements, or operational needs.

E. Quality Standards and Performance Expectations

All work submitted during the internship is expected to meet the Company's standards for accuracy, originality, completeness, effort, judgment, and compliance with project instructions.

Work that is incomplete, duplicated, fabricated, spam-like, templated, synthetic where prohibited, unusually rushed, inconsistent with instructions, or otherwise unsuitable under the applicable project standards may not qualify as accepted work or for work-based incentives.

Repeated non-compliance with project instructions, poor-quality submissions, misconduct, misuse of tools or systems, confidentiality breaches, or conduct inconsistent with the internship requirements may result in access restriction, reassignment, non-extension, or discontinuation of the internship.

F. Confidentiality and Intellectual Property

During the internship, you may have access to confidential, proprietary, or non-public information, including project guidelines, datasets, evaluation criteria, client information, internal processes, tool access, and operational instructions. You must keep such information confidential and use it only for authorized internship purposes. You must not copy, disclose, publish, distribute, or misuse such information without written authorization from the Company. These obligations will continue after the internship ends.

Any work, content, code, prompts, datasets, annotations, documentation, reports, evaluations, or other deliverables created or submitted by you for Company-assigned work during the internship will be treated as Company work product. To the fullest extent permitted by law, all rights, title, and interest in such work product will belong to the Company, and you agree not to copy, reuse, publish, share, commercialize, or claim ownership over it without prior written approval.

G. Taxes

Payments, where applicable, are subject to applicable laws and tax deductions, including TDS wherever applicable. You may be required to provide accurate identity, tax, bank, or payment information before any payment can be processed.

You will be responsible for any personal tax reporting or compliance obligations applicable to amounts received in connection with the internship.

H. Company Identity and Official Communications

AirDawg Labs is the operations brand under Caudal AI Labs Pvt Ltd. For the purpose of this internship, references to "AirDawg Labs", "the Company", "we", or "us" shall include Caudal AI Labs Pvt Ltd, its authorized representatives, operations teams, project teams, and designated client/project workflows, as applicable.

All internship-related instructions, project updates, payment communications, access-related notices, and operational communications may be shared through official email, internal platforms, project channels, or any other communication method designated by the Company.

I. Nature of Engagement

This offer is for an internship engagement only. Nothing in this letter creates permanent employment, guarantees future employment, or guarantees a fixed volume of work. This letter does not create any right to continued engagement beyond the internship period unless expressly confirmed in writing by AirDawg Labs.

Continuation, extension, project allocation, incentive eligibility, and system access remain subject to project availability, accepted work, performance, quality standards, operational needs, and written instructions by the Company. AirDawg Labs may conclude, modify, extend, or discontinue the internship according to operational requirements.

We look forward to welcoming you to AirDawg Labs.

Warm regards,

Bhargav Nadiyana
Senior Associate
